

2026 Conference Programs

	AUGUST 10 SYMPOSIUM + TRAINING SEMINARS	AUGUST 11-12	AUGUST 12-13
Stream #1 UPSTREAM BIOPROCESSING 	Novel & Alternative Expression Systems	Cell Line Development & Engineering	Cell Culture & Upstream Processing
Stream #2 DOWNSTREAM AND FORMULATION 	TS: Formulation, Development, and Manufacturing	Formulation, Stability & Delivery	Advances in Purification & Recovery
Stream #3 INTENSIFICATION, DIGITALIZATION, AND AI 	TS: Introduction to Machine Learning for CMC and Biomanufacturing	Intensified & Continuous Bioprocessing	Digital Transformation & AI in Bioprocess
Stream #4 MODERNIZING ANALYTICAL DEVELOPMENT 	TS: Introduction to CMC for Biotherapeutic Products: Bioprocessing and Analytical	Analytical Intelligence	Next-Generation Analytical Methods
Stream #5 GENE THERAPY, RNA, AND LNPs 	RNA and LNP Production and Formulation	Gene Therapy CMC & Analytics	Gene Therapy Manufacturing
Stream #6 CELL THERAPY: EX VIVO AND IN VIVO 	Cell Therapy Analytics	Gene Therapy CMC & Analytics	Cell Therapy CMC & Manufacturing
Stream #7 <i>New:</i> CONJUGATES, OLIGOS, AND PEPTIDES 	CMC for ADC & Next-Generation Conjugates	Oligonucleotide and Peptide CMC and Manufacturing	Advances in Purification & Recovery
